## Coleman Ratepayers Annual Meeting Held February 8

Some 30 Coleman ratepayers attended the annual meeting held last week when all council members with the exception of two, reported on the work done by their various committees.

Present to give reports were A. DeLuca, chairman of finance; John Ramsey, chairman of public works; A. Toppano, chairman of buildings. Unable to be present were Joe Wavrean, chairman of parks and cemetery, and George Jenkins, the chairman of fire and police committee and the rink committee.

All reports given by the members were well accepted.

Mayor Frank Aboussey reported that in 1954 the council began an experiment in municipal taxation. At that time a town-owned utility company (The Coleman Light and Water Company) had accumulated reserves sufficient to enable its safe operation for some years to come and thus it was decided to absorb all taxes for the town's operation for that year as an experiment. This was so successful that it has been continued for six consecutive years.

During 1959 this achievement has received nation-wide recognition. The work of the town council has been acknowledged in the big financial papers as well as some of the largest dailies in Western Canada. To evaluate this publicity in dollars and cents would be hard to do but Coleman has left a favorable impression in the minds of many persons who read such reports.

This in itself, said Mayor Aboussey, is valuable goodwill and it is hoped it will bring in its wake some industry to this area which will absorb more men and create steadier employment which is sorely needed.

With the help of the provincial government this year the town hopes to re-surface some of the Coleman streets. It is also prepared to build more sidewalks and it is hoped that the usual services and work will again be carried out without levying taxes to pay for the work. The government is also making a grant to municipalities to be used for recreational purposes.

The various committees have been asked to submit plans of their projects for approval and a committee is at present making a study to determine how best this grant can be used.

Mayor Aboussey pointed out that there was an over-expenditure in the public works for the year of approximately \$5,000. This is accounted for, he said, in an extra expenditure of \$2500 for the garbage unit, and the balance was mainly used in extra sanding operations and roadwork in summer.

An experiment was carried out using light asphalt with the intention of continuing this method if found satisfactory.

The inspector's report was then read and showed that all town business had been carried out in a very satisfactory manner. Several discussions then took place including one on how the recreational grant should be spent by the town.

At the conclusion of the meeting a vote of thanks was extended to the Mayor and Council for the fine service they had rendered the town during the past year.

## Bunny 'Spie' Plans Progressing

Plans are progressing very favorably for the forthcoming Bunny Bouspie to be held in the Blainmore arena on the Easter weekend, and president of the Blainmore Curling Club, Dick Morgan, reports that entries are coming in from all parts of Alberta and British Columbia.

It has been pointed out that the first \$8 paid rinks will be accepted into the affair.

So far rinks from Edmonton, Calgary, Lethbridge, Carmangay, Picture Butte, Windermere, Cardston and Kimberley have entered the 'spie', which will feature five events for a total of over \$2,000 in prizes.

All rinks planning to enter the bouspie should do so as soon as possible in order to aid the committee with their work.

The four-day 'spie' will be played on ten sheets of artificial ice.

Did you know that Albert, B. C., was named after a Spanish general sent in 1670 to seize the Pacific coast for the king of Spain?

perience the thrill of the Safety Net.—Photo: Jean Gainford Merrill.

## Services Held For "Bill" Ford

William "Bill" Ford of Coleman, died in the General Hospital in Calgary Saturday morning, February 6 following a six-month period of ill health.

"Bill" as he was better known by his many friends in the Crows Nest Pass was 55 years of age. He was born in Yorkshire, England, on March 12, 1905, and came to Canada with his parents in February of 1911.

After a brief stay of a few months in Bellevue the family moved to Coleman in June, 1911, and have resided there since.

After completing his schooling in Coleman, Bill became employed as a haulage worker at the McGillivray mine of the Coleman Collieries where he worked until last fall when he became ill.

He was married to the former Cecile Nastasi of Bellevue on June 24, 1937.

He was a member of the Coleman Elks Lodge, the Coleman branch of the Legion and Coleman UMW. He was of the Protestant faith.

He was predeceased by his father, James Ford, in 1939, his mother in 1954, and by a brother Lawrence in 1938, all at Coleman.

Surviving are his wife Celina of Coleman; one brother, George, of Vancouver, and two sisters, Mrs. J. Elsie Shields of Calgary, and Mrs. Evelyn Watkins of High River.

Funeral services were conducted from the Chapel of Hall's Funeral Services Ltd. in Blainmore at 2:00 p.m. on Wednesday afternoon and interment was made in the Coleman Union cemetery with the Rev. Rod Macaulay officiating.

## Lions Bingo Has Big Turnout February 10

Wednesday, February 10th saw 269 patrons attend the regular bi-monthly bingo of the Coleman Lions Club at which time a profit of \$244.89 was realized towards the purchase of curling rinks for the Coleman Curling Club. This fund now stands at \$653.30.

The many winners were as follows:

Split between Mr. Art Johnson and Mrs. M. Pabro.

Split between Mrs. E. Ash and Mr. A. Galbraith.

Mrs. E. Wakulak.

Split among Mrs. A. Horkat, Mr. T. Andreask, Mrs. Slavik and Mrs. Kobelka.

Mrs. R. Lord.

Mrs. L. Caroe.

Mr. G. Steiback, Pentiction.

Mr. P. Yousochok.

Miss Shirley Churlis.

Mrs. MacCassock.

Blackout consolation, split among Mr. W. Klinear, Mr. G. Jenkins, Mrs. J. Brown, Mrs. J. R. Atkinson and Mrs. J. Seifick.

The \$25 cash prize for the extra game went to Mr. J. Spikak.

Door prizes were won by:

Mrs. Dolina Pow, Mrs. Cowell, Mrs. S. Lepack, Mr. R. Andrew.

Coleman Lions Club announce that their next bingo will be held at the Elks hall Wednesday, February 24th at 8 p.m. at which time the usual ten \$10 cash prizes and door prizes will be offered along with a jackpot of \$200 to be won in 61 numbers.

The forests generate one quarter of all the income of all Canadians.

## Former Coleman Woman Dies At Coast

Mrs. Isa Walker of Vancouver, B. C. and formerly of Coleman, died in a Vancouver hospital Sunday, February 7th, following a two-month period of ill health.

Mrs. Walker, 60 years of age, was born in Hill of Beath, Scotland in October, 1900.

She came to Canada in 1922, settling in Michel for two years before moving to Coleman in 1924.

The family left here in 1944 to reside in Vancouver. While in Coleman she was a member of the Order of the Eastern Star, Minerva Chapter, of Coleman, of which group she was a Past Matron. She was also a member of the United Church.

She was predeceased by one son James at Coleman.

Surviving are her husband, Adam of Vancouver; several brothers, and a grandson Jimmie of Coleman.

Funeral services were conducted from the United Church in Vancouver on Wednesday afternoon.

Attending the services from the Pass were Mr. and Mrs. L. Payne of Pincher Creek, accompanied by Jimmie Walker of Coleman.

## Red Cross Hold Annual Meeting

The Coleman Branch of the Red Cross Society held its annual meeting in the Coleman school last week when a disappointingly small group of interested persons turned out.

An election of officers was held and the new slate will comprise President, Ann Penney; vice-president, Vera McQuarrie, and secretary-treasurer, Margaret Johnson.

Various committees were then formed and will be headed by the Workroom committee at the Legion every Wednesday afternoon. Mrs. May McQuarrie, Blood Donor Clinic Joan Dunford, Junior Red Cross Group Mrs. B. Beck, Welfare John Owen and in charge of the campaign for funds scheduled to be held in March will be Rev. Rod Macaulay.

Mrs. Penney and Mrs. McQuarrie were appointed to attend the annual Red Cross convention to be held in the McDonald Hotel in Edmonton on February 25, 26, 27.

During the meeting it was announced that the campaign held in Coleman last year had realized a total of \$412 which amount had been sent to the headquarters in Calgary.

Reports read showed that the workroom which is held in the Legion basement every Wednesday afternoon had sent the following shipments to headquarters in Calgary—37 quilts, six nighties, 7 dozen towels, 195 diapers and two boxes of used clothing.

All ladies interested in this work are invited to attend the workrooms where they will be welcomed.

## Senior W. A. of St. Paul's United Church Meet

The regular meeting of the Senior Ladies' Group met at the home of Mrs. J. Owen, February 4th with Mrs. J. Rogers presiding.

Mrs. McKinnon took the Devotional at which various discussions were made and it was decided to hold a Valentine Tea February 12 from 2:30 to 5 p.m.

After the meeting adjourned a delicious lunch was served by the hostess.

## Lions Bouspie February 27, 28

Coleman Lions Club are preparing plans for the forthcoming Lions Regional Bouspie that will be held in the Coleman arena on February 27 and 28.

Rinks from nine or ten clubs in the district including one from the Pass, Raymond, Cardston, Magrath, Waterton Lakes, Pincher Creek and Port Macleod, will take part in the annual event.

During the bouspie the Coleman Lions Club will turn over a sizeable cheque to the Coleman Curling club to pay for the matched rocks that are being used in the arena.

The Lions undertook as one of their many community projects to furnish matched rocks for the curling arena which had artificial ice installed this year.

The Lions raised the funds for this purchase through holding bingo nights in the Coleman Elks hall.

## Scout and Cub News

A meeting of the Pincher Creek-Crows Nest Pass District Council of the Boy Scout Association was held on Friday, February 12 at the Grand Union Hotel in Coleman.

Members were present from Pincher Creek, Blainmore and Coleman. At the meeting Mr. D. Fraser of Pincher Creek was elected president for the next term, with Mr. J. Colwell, vice-president, and Mr. B. McLean, secretary-treasurer.

Members of the District Council will be formed from the individual Group committees.

Mr. Weeks, District Commissioner gave a report on a conference to be held and will give further details later. Of interest was the World Jamboree to be held in Holland on August 2 - 11, 1960.

A discussion of District Council duties was held.

A hearty vote of thanks was moved by Mr. B. Powle for his excellent handling of the Council over the past two years, and to Mr. Hobson as acting secretary.

Coleman Scoutmaster, Mr. M. Dunford reported a successful bottle drive and Scout week climaxed by a skating party with Church parade to be held.

The Blainmore Scoutmaster reported that his Scouts and Cubs cleaned the curling ice for the ladies' bouspie.

The next meeting will be held at Pincher Creek.

The meeting then adjourned following which a lovely lunch was served by Mrs. Salus and Mrs. Binda.

## Elks Party Well Attended

The Coleman Elks Lodge held a benefit party in the Elks hall recently which was attended by some 130 Elks and members of the Royal Purple Lodge.

For the occasion a delicious hot beef supper was prepared by Chef George Zinok of Coleman, while members of the Elks Patrol Team waited on the tables. Following the supper a dance was enjoyed with music being supplied gratis by the Bert Bond orchestra.

Proceeds from the affair were turned over to the wife of the late William Ford of Coleman, who passed away during the last week. The Elks Patrol team acted as pallbearers at the funeral and an Elks Service was conducted at the graveside.

## Annual School Meeting Held

A goodly number of Coleman residents attended the annual Coleman School District No. 1216 meeting held in the Council Chamber on February 8th.

The principal's report showed that from January to December the school had been open for 196 days and that during the same period 2291 students had attended.

The report indicated that there were 22 teachers on the staff and one principal.

Due to the light enrolment in grade one this year it was found possible to operate two grade one classes instead of the usual three, and as a result one class room was available for music and audio visual periods all during the term.

There were three resignations received when Miss Morris and Miss Fyrlarz went to teach at Pincher Creek, and Miss Hatalack accepted a position in Calgary. These teachers were replaced by hiring Mrs. Joy Taron, Mrs. Caroline Holyk and Verna Willoughby.

The Board is following its policy of not only maintaining but improving their buildings and equipment. During the year linoleum was laid and the upper floor of the main school was painted, further installation of fluorescent lighting was made and one room was refurbished with new desks.

A new tape recorder was purchased and will add to instruction.

The text book plan adopted at the school was found very satisfactory. Mr. Allen, the principal, reviewed the number of scholarships that were won by local students and the number of scholarships that are sponsored by local and out of town organizations. He mentioned that the scholarships were greatly appreciated by the school as well as the students who are taking advantage of their possibilities.

The financial statement was read and accepted.

John Owen, chairman of the Works and Property committee presented a report which indicated that during the year four rooms and all halls in the west Coleman Cameron school were painted as well as all of the basement.

Linoleum was put in four rooms and halls in the Cameron school and a new fountain was installed in the bottom floor of the school. Furnace pipes were also changed to conform with the electrical code. New linoleum was laid on the hall floor of Central school and all the walls were painted and four rooms were painted in the high school.

The basement in the Central and high schools were also painted and fluorescent lights were installed in the hall of Central school.

The west vents of Central school were changed and the walk on the west side of the school was repaired. A new roof was built over the new entrance on the west side of the school. New fire alarms were installed in the West Coleman, Central and high schools. Other necessary work was also done to the roofs and doors of the buildings.

The inspector's report was read and indicated that the school business had been conducted in a very efficient and satisfactory manner.

## Anne Wesko To Kimberley Fiesta

Miss Anne Wesko of Coleman, Rodeo Queen last summer, will represent Coleman at the Kimberley Snow Fiesta this week.

Miss Wesko will be chaperoned by her mother, Mrs. Mary Wesko, and they will leave here on Thursday, February 18 and return on February 21.

Miss Wesko was invited to the affair by W. M. Campbell of Kimberley who visited Coleman last week-end.

## Grass Fire At Hospital

Blainmore Fire Brigade was called out to action late Saturday afternoon, February 6 to put out a small grass fire that had started at the rear of the Crows Nest Pass Municipal Hospital.

It is assumed that the fire began when a spark flew out of the concrete incinerator at the rear of the hospital.

From the time of the alarm to the time the fire was extinguished was only a matter of about five minutes.

## Three Day Hockey Tournament For Coleman in March

Ed Corson, president of the A.B.C. & M. hockey league, will promote a three-day hockey tournament in the town of Coleman at the Coleman arena on March 11, 12 and 13. First game will start on Friday, March 11 at 8 p.m.

Three more games will be played on Saturday with the final game on Sunday at 2 p.m. There will be a total of five games in all.

Six teams in all will be entered in the outstanding tournament which will be the first of its kind in the town of Coleman.

Coleman Grands, widely known as money players, will be out to grab first prize and show local hockey fans that their town has one of the finest hockey clubs in the history of Coleman.

Other teams have been contacted by promoter Ed Corson as far away as Trail, B. C., to the west and Medicine Hat to the east.

To date Calgary Addersons and Okotoks of the Big Six Hockey League have shown their interest in competing in this gala tournament and percentages of profits will go to the local arena, the Coleman Grands and the curling rink.

Any losses will be borne by promoter Ed Corson, who is out to take a gamble, stating that if you give the public something good they will go for it, especially in the Crows Nest Pass where the best hockey fans in Canada live.

## Elks Bingo Winners Named

Coleman Elks held its regular bi-monthly bingo night in the Elks hall last week when the \$15 cash consolation prize on the \$200 jackpot prize was awarded to Claire Marconi of Coleman.

The next bingo night will be held on Friday, February 19, when a jackpot prize of \$200 will be offered for the first blackout in 53 numbers.

Other winners at the affair were: Grocery hamper, Margaret Krywolt.

25 gallons gas, Stan Stoklosa of Bellevue.

\$25 cash, Annie Brnusk of Bellevue.

Radio, Mrs. B. Robitka, Coleman. Three \$5 consolation prizes on the \$100 jackpot were awarded to Rex Pinal of Blainmore and Jack Rishon and Annie Fleming of Coleman.

Child's chrome set, Vilma Tompkins of Bellevue.

\$10 consolation, on \$5 jackpot was split between Mrs. Mary Runk of Coleman and Sam Costanzo of Bellevue.

Occasional chair, Mrs. Mike Kresky.

Hand tooled purse, Mrs. M. Cox of Blainmore.

Grocery hamper, Mrs. Rudy Yeliga.

In the extra card bingos \$9 cash was won by Anne Hirst and \$13 was won by Mrs. O. Dewart of Bellevue.

Chocolates were won by Mrs. Alois Krywolt and Pauline Kroesing, while the consolation prize was won by Mrs. Betty Walmsey of Blainmore.

## Board of Trade Meet February 17

Coleman Board of Trade held a smoker meeting in the banquet room of the Grand Union Hotel on Wednesday, February 17.

Following a short business meeting when it was decided to elect a new slate of officers at a future meeting, members enjoyed two films on the 1959 Canadian open golf tournament and another on duck hunting.

It was announced at the affair that a Board of Trade Rodeo meeting would be held in the Grand Union banquet room at 7:30 p.m. on Wednesday, February 17th to discuss the 1960 rodeo plans.

It is urgent that all members attend this meeting as important business will be brought up.

## Infant Daughter Passes

The infant daughter of Mr. and Mrs. John George passed away in the Holy Cross Hospital in Calgary on February 8th.

## Department of Lands and Forests PUBLIC NOTICE

### Auction Sale of School Lands and Public Lands No. 1 - 60

Public notice is hereby given that the following lands will be offered for sale by Public Auction ONLY at 1 P.M. at the places and dates hereinafter mentioned. No bids submitted privately, by mail or otherwise are acceptable.

LANDS WILL BE SOLD TO PERSON  
BIDDING HIGHEST AMOUNT PER  
ACRE.

**BLAIRMORE - Wednesday, February 24,  
1960, at Forestry Office.**

Land	Area	Upset Price	Improvements
SW 17 - 7 - 3 - W5th Mer.	161 acres	\$3.50 per acre	Nil

The sale will be subject to the following terms and conditions:

The Department reserves the right to withdraw any of the lands from the sale or to include any other lands therein.

Lands sold shall be subject to reservation for existing surveyed roads, or roads hereafter surveyed, provided application for such roadway is made by the Provincial authorities prior to the issue of Patent. The areas of lands sold are subject to adjustment in accordance with the revised plans of survey.

Purchasers of timbered lands must take out a permit subject to the usual dues and fees before cutting any timber except for their own use.

Sand or gravel must not be removed from the lands sold until a permit has been obtained from the proper authorities and payment made of the required fees and dues.

The sales will only convey the surface rights of the land and will be subject to the usual reservations in favour of the Crown.

The sale shall convey to the purchaser only those improvements upon the land which are the property of the Crown at the date of sale. All such improvements are fixtures and shall remain on the land and be the property of the Crown and shall not be removed or destroyed until final payment of the land has been made.

If any improvements are stated in this notice to be the property of anyone other than the Crown then the preceding paragraph shall not apply. The improvements may be sold at the sale but no representations are made and no warranty of any kind is given as to ownership or otherwise.

### TERMS OF PAYMENT

On areas in excess of forty acres: Payment in full of the purchase price shall be paid at the time of the sale or one-fifth of the purchase price shall be paid at the time of the sale and the balance of such purchase price shall be paid in nine equal successive annual instalments, with interest at the rate of 3 1/2% per annum, which interest shall be paid with each instalment on the balance thereof from time to time remaining unpaid. Any instalment not paid when due will be subject to interest at the rate of 4 1/2% per annum.

On areas of forty acres or less: Payment in full of the purchase price shall be paid at the time of the sale or one-fourth of the purchase price shall be paid at the time of the sale and the balance of such purchase price shall be paid in three equal successive annual instalments, with interest at the rate of 3 1/2% per annum, which interest shall be paid with each instalment on the balance thereof from time to time remaining unpaid. Any instalment not paid when due will be subject to interest at the rate of 4 1/2% per annum.

Upon a parcel of land being sold, the purchaser shall immediately pay the Clerk of Sale the full amount of the purchase price or pay the amount of the first instalment, and in addition make payment in full for the improvements which are listed herein; otherwise the parcel will at once be put up again.

Further particulars covering the terms and conditions of the sale may be obtained by communicating with the Director of Lands, Department of Lands and Forests, Edmonton.

Prospective bidders should satisfy themselves as to the quality, etc. pertaining to the lands.

The Clerk of Sale shall have the right to settle any disputes, concerning the interpretation of these terms and conditions, and the manner of conducting the sale.

By Order,  
V. A. WOOD,  
Director of Lands.

Department of Lands and Forests,  
EDMONTON, Alberta.  
R. & O.E.

### Former Coleman Man

#### Retired From Ford Service

The clatter that sometimes drifts from her husband's basement workshop is music to Sarah Bowman's ears.

It usually means Martin Bowman is tackling another "do-it-yourself" project for the home, or he's repairing a piece of furniture, or he's tuned in on one of his favorite television westerns - but most important, it means her retired husband has cultivated a new lease on life.

Seven years have passed now since Bowman traded badge No. N2084 for a passport to retirement living.

#### Maps Future

Armed with a determination to "stay away from that old rocking chair" and a resolution to "sleep until 8:30 every morning," Bowman began mapping plans for a new future for himself and his bride of 50 years just prior to his retirement.

The couple joined the "Golden Age" club sponsored by the Department of Parks and Recreation for people over 60 years of age. They cultivated new friends of their own age and status, learned how to dance all over again, played cards and formed a choral group.

When they aren't attending social functions together, Martin meets with the Oddfellows and Sarah joins her friends at Rebekah Lodge meetings for social work.

The Bowmans' Ford is ready to whisk them off on lengthy trips at "the drop of a hat." Toronto, British Columbia and practically every state in the United States has been visited by the couple and, with a new Ford in their immediate future, many more excursions are in sight.

#### Enjoy Hobbies

There's always time for their individual hobbies, too. Bowman loves to keep abreast of current events by reading magazines and periodicals. Mrs. Bowman's nimble fingers provide many enjoyable hours of knitting and crocheting - mostly for her grandchildren - with occasional patch-work quilting for good measure.

Just as the Bowmans share their leisure activities, so are household chores equally divided.

When queried about the biggest adjustment she had to make after her husband's retirement, Mrs. Bowman smiled. "He never seems to get enough to eat and I find myself preparing one meal after another."

But 27 years of work cannot be entirely forgotten. Memories of fellow workers and his job at the Glass Plant prompted Bowman to return recently for a visit with the Company that had employed him when all others refused because of a disability.

"It was like walking into a different planet," Bowman recalled. "It seemed to have expanded to twice the size that I remember and all the operational changes were fascinating."

Continuing the name of Bowman on the Ford employment rolls are two sons, Tom, a 25-year-old employee in the Tool and Die Plant, and Martin, a designer at Belleville - both graduates of the Henry Ford Trade School.

In addition the Bowmans have three other sons, two daughters and eight grandchildren.

We won't brand the Bowmans typical. No one really is. We would, however, like to consider them representatives of approximately 13,000 Ford retirees receiving monthly benefit cheques in nearly every state of the United States and 24 foreign countries.

While on the Ford payroll, Bowman was covered by the non-contributory provisions of the Ford-UAW Retirement Plan and the size of his benefits under this program is based on the length of his creditable service.

Let's take a closer look at the Plan. Four types of retirements are provided:

Normal - Employees age 65 or over on the active employment rolls.  
Early - Employees age 60 or over but less than 65 on active employment rolls with at least 10 years of creditable service.

Disability - Employees under 65 years of age who have 15 years of creditable service and are enrolled on the active employment rolls. If employee is not on the active employment rolls but meets all other requirements, he may be eligible for benefits if totally and permanently disabled if he is (1) on a sick

leave of absence which does not exceed seniority; (2) on local Union leave of absence; (3) on personal leave of absence up to six months; (4) on layoff in reduction of force.

Deferred Vested - Employee at least 40 years of age when employment terminates who has accumulated at least 10 years of creditable service at the time of termination and at normal retirement age, is not eligible for any other retirement benefit under the Plan based on service prior to termination.

These are some of the "cushions" upon which Ford retirees are able to build a comfortable retirement.

(EDITOR'S NOTE - Mr. and Mrs. Martin Bowman are former Coleman residents and will be well remembered by Coleman old-timers. He was a former employee of International Coal & Coke Co. as blacksmith when he left Coleman to go to Detroit, Mich., around the year 1920).

### \$315,000 Raised In Muscular Dystrophy Drive

At the sixth annual meeting of the Muscular Dystrophy Association of Canada, held recently at Windsor Arms Hotel in Toronto, the Association's president, Arthur Minden, Q.C., said that the accelerating rate of research into the nature of such neuro-muscular ailments as muscular dystrophy is proving valuable.

"Every discovery, no matter how small, is a step towards total understanding of the cause of muscular dystrophy," he said, "and already many parts of the jig-saw puzzle have been fitted into place. We have reached the position where most of the unfruitful lines of investigation have been discarded and we are now able to concentrate the efforts of a great number of brilliant scientists in the most promising areas of research. The amount and quality of the research now being done in the neuro-muscular field, particularly with relation to muscular dystrophy, is exciting the admiration of scientists throughout the civilized world. This work brings hope to the sufferers from muscular dystrophy as well as to those scientists working in related fields."

MDAC's research projects were reviewed in detail by Dr. David Green, first vice-president, who acts as liaison officer to the medical advisory board, a group of high ranking Canadian medical teachers and practitioners. Very close tabs are kept on the progress of the research programs and those of a continuing nature receive close scrutiny if they are to receive funds for another year.

Reviewing the campaign and the progress of scientific research sponsored by MDAC, Mr. Minden said that the bulk of the \$315,000 raised this year would again go into research, and that he was glad to see fund-raising costs had been kept to a minimum.

Turning to the chief supporters of the fund raising drive, the firefighters of Canada, Mr. Minden said "The innumerable advances of science is justifying the high hopes of this group who never for a moment thought that the problem would not finally be licked. They are looking forward to the day in the not too distant future when they can add the victory over muscular dystrophy to their list of honors."

Helping the firemen in this year's campaign were hundreds of chapter members, in addition to 120 service clubs and organizations, including Boy Scouts and Girl Guides.

Mr. Minden concluded: "I am constantly impressed with the fact that the enthusiasm of MDAC's volunteers is directly proportional to the difficulty of the task they have undertaken. It must be most heartening to all of them and to all MD patients to know that at last we are moving up from the first plateau of achievement."

### Committee Promotes "Buy Alberta" Program

This steering committee has been set up to promote an informative and intense "Buy Alberta" products campaign—a campaign designed to acquaint Albertans with merchandise and products manufactured in the province, with a view toward increasing their consumption.

The appointment of this committee was recommended at a unique "Buy Alberta" conference held in Edmonton in June, 1958. A great deal of interest in such a project was displayed at this conference, attended by more than 125 Alberta business and government leaders.

Why Buy Alberta Products?

Last year nearly a quarter billion dollars worth of goods, grown or manufactured in other countries were imported into Alberta. In addition an even greater amount was imported into the province from other Canadian provinces. The total value of goods imported into the province and sold in retail stores throughout Alberta amounted to over one and a quarter billion dollars.

While many of these imports could not be grown, nor are they being manufactured in Alberta, many of them are several million dollars worth to be specific.

#### List of Goods

##### Imported at a Glance

(Goods that are being manufactured in Alberta)

Bone dust and bone ash \$ 20,000

Frozen meat pies 28,000  
Men's overalls 72,000  
Telegraph poles 346,000  
Roofing paper 17,000  
Roofing nails 24,000  
Air cond. equipment 608,000  
Hot air furnaces 832,000  
Brass valves 250,000  
Asphalt 227,000  
Gasoline 543,000  
Silica sand 222,000  
Car trailers 2,800,000

These items, which are only a representative list, were actually imported from other countries and sold in Alberta. This represents a considerable sum of money paid out to other countries for goods that are actually manufactured in Alberta—money which could have been more profitably used for the purchase of raw materials and for the benefit of local workers. This money could have been used, firstly for the support of Alberta's economy—and secondly for the purchase from other countries of motor cars, oranges, coconuts and other goods which cannot be grown or manufactured locally. In other words if the Albertan's dollar can be channelled to do as much work as possible before it leaves the province, everyone benefits.

#### The Effect Local Buying Has on Manufacturing

In one year the gross value of production of Alberta manufacturing plants increased from \$641 million to \$701 million or by \$60 million. Of this \$60 million \$43 million was spent for the purchase of raw materials used in the manufacture of the goods and much of this raw material was purchased locally.

Another \$1 million was spent for the purchase of locally produced fuel and electricity. The additional salaries and wages which found their way back into the wage earners' pockets amounted to \$14 million. Perhaps most important, an additional 3,000 persons were given continuous employment in Alberta.

To the retailers and wholesalers in Alberta this meant an increased number of consumers for everything from baby foods to automobiles. To the labor force it meant construction of new houses, schools, roads and public buildings—all the facilities and conveniences that are part of our daily living.

To the farmer it meant increased consumption of his products. The sale and consumption of a greater number of cattle, hogs, sheep and poultry.

To the manufacturer it meant increased local markets for all of

his products and even greater possible expansion.

To all of us as citizens it meant a more stable economy and an opportunity to enjoy more of the amenities of life.

#### Alberta Made Goods Are Priced Competitively

Most Alberta products are priced competitively; they have to be. The price tag is usually examined before the quality, workmanship and style are assessed. However, should the products prove to be competitive with the imported product, which purchase would return the most benefits to the community?

The locally manufactured article includes costs of raw materials purchased locally, it includes the wages of local craftsmen; it includes the municipal taxes paid by the factory owners of the factory, and by himself and his craftsmen on their residential property. That money stays within the community to work again.

The cost of the imported article includes costs of labor and raw materials paid elsewhere, municipal taxes paid elsewhere, transportation costs and the retailer's profit. From the purchase price of an imported article only the wholesalers and retailers profit is the money that remains to help build Alberta.

Taking everything into consideration it is debatable which is really the "cheaper" article.

Because you look at the price tag when you buy the Alberta manufacturer does everything within his power to make price, quality and style competitive. It is wise economy then, in pure self interest to balance all the factors in your mind and "Buy Alberta Made" products wherever and whenever possible.

#### Buy Alberta Made Products

When we buy goods, grown and manufactured in Alberta we buy in mutual interdependence because we are interdependent on one another. A concerted effort to increase the flow, the turnover of money locally increases the potential prosperity of everyone in the community.

### University in Calgary To Open Next Fall

The new University in Calgary will be in readiness in new quarters to open the Fall term in 1960, it was announced today by the Board of Governors of the University. The two buildings now under construction in Calgary, Arts and Education, and Science and Engineering, will be ready for occupancy before September 30, 1960.

It is expected that the library portion of the Arts building will be ready for use by June 30, with the rest of the building ready by September 1st. The Science-Engineering unit will be occupied after September 20 and the Cafeteria will open about November 15th. Both buildings are expected to be completely finished by December 31st, 1960.

With the opening of a University in Calgary there will be a corresponding enlargement of the number of courses to be offered. It is hoped that it will be possible for certain students to complete the second year of the B.A. pattern in the 1960-61 session and that courses will be offered in the third and fourth year of the B.Ed. program. At present the first year of Arts, along with the first two years of the B.Ed. program and the first year of Engineering are offered in Calgary.

Plans call for an expansion of courses so that the second year of Engineering may be offered. In addition the second year of certain patterns in B.Sc. programs will be offered and the courses may include two years of pre-law and pre-medicine.

Enrolment has increased rapidly in Calgary since the University opened its doors there in 1946. In the first year there were 150 students. This year there are 817, including the numbers enrolled in extension courses. Total full-time undergraduates number 692.

Dr. W. H. Johns, president of the University of Alberta, speaking recently in Calgary, predicted that there might be 6,000 students by 1965 and 4,000 by 1970 enrolled at the southern school of higher learning.

Although an alcoholic is usually an excessive drinker not all excessive drinkers are alcoholics. The habitual excessive drinker may enjoy his drinking; the later-stage alcoholic has usually ceased to derive real satisfaction from his drinking—he feels that alcohol has become a necessity to his very existence.

### Card of Thanks

I wish to thank all my many friends for the get well cards sent to my wife while she was in hospital, also many thanks for the many sympathy cards and letters of condolence sent during my recent and bereavement.

Mr. Adam Walker,
